

BILINGUALISM MYTH BUSTERS!

WHAT DO WE KNOW ABOUT BILINGUALS?

22%

of children in the United States are bilingual or Dual Language Learners. That's more than 12 million children total.

KIDS

BILINGUALS IN THE WORLD

>50%

More than half of the world's population is bilingual. This makes bilingualism the norm, not the exception.

KNOWN BENEFITS

Benefits of bilingualism include cognitive advantages, increased employment and networking opportunities, and enhanced social connections.

BILINGUALISM IS A STRENGTH

SUPPORT THE HOME LANGUAGE

BILINGUALISM IS BETTER

Children receiving bilingual instruction outperform peers receiving English-only instruction. Supporting the home language does not delay English acquisition.
